The calling of the roll of members before the voting read out the aforementioned regular and ex-officio members as borne out in the transcript of the audio recording of the subject proceedings.

Verily, the motion for approval of the Committee Report and the Resolution dismissing the impeachment complaints was lost for failure to garner the requisite absolute majority of 35 votes.

Considering the foregoing, the seven consolidated impeachment complaints are deemed sufficient in substance and the next phase of the proceedings, which is the determination of probable cause or grounds for impeachment, should be calendared by the Honorable Committee.

Thank you.

Very truly yours,

**EDCEL C. LAGMAN**
